Dear Kim,

I just wanted to thank you personally for all the help you and your agency have given to me and all of our employees over the past few years. Your knowledge and expertise of the health care insurance system have been invaluable to us. Whenever someone has a question, I tell them to call KIMBERLY. The insurance field is so complex, I don't even want to try to give them an answer. I know they will get the RIGHT ANSWER from you, and if you're not sure, you know where to find it.

I hope the Iron Mountain-Kingsford Community Federal CU and the Mazzali Insurance Agency will have a long business association.

Sincerely,

  
Kathy Povolo  
Vice President
